### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on November 19, 2002 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach that the adhesive layer does not have a critical bounce coefficient of not more than 0.5 and satisfies the five conditions recited in claim 1, specially the rate change in dry adhesion and surface roughness conditions. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
